

# Globalization: what can we do to establish a peaceful coexistence?

## Group 1

Hung, Herlina, Zoraida, Emmanuel,  
Maki, Saori, Ayu, Junichiro,  
Hitomi, Yoshiko, Gerrit, Yohei

# OUTLINE

- Definition of Globalization
- Advantages and Disadvantages of Globalization
- Problem-solving
- Lessons-learned from the Seminar

# Definition

- ***Globalization*** is the free and borderless flow of things, people, money and information regardless of diversity of culture, economy, society and location. In addition to that, mass media and internet are the most effective and significant tools to promote and make *globalization* accessible to all corners of the world.

# Advantages and Disadvantages

## Advantages

- **Culture:**  
**Providing opportunities to discover the diversity of human beings.**

## Disadvantages

- **Culture:**  
**Cultural heritages lost due to the prevailing dominating culture.**

# Advantages and Disadvantages

- **Economics and politics:**

1. **More choices in terms of employment, consumption and market accessibility.**
2. **More interdependency among nations in economics and culture that may prevent potential clashes.**

- **Economics and Politics:**

1. **Developed countries use Globalization as a means to dominate and control world markets, which exacerbates economic gaps**
2. **conflicts of interests may expose countries to war**

# Problem-solving

## Problems

1. **losing cultural heritages**
2. **domination and control of developed countries**

## Solutions

1. **Promoting and defining identity**
  2. **Keeping some degree of market regulation**
    - **developed countries should change attitude in accepting goods from developing countries**
    - **patronizing domestic products**
    - **Consumers education to improve awareness of the trade unbalances**
- 

# Problem-solving

## 3. Political conflict of interests

- **Strengthening the roles of UN and other international organizations as mediator in the conflicts.**
- **increasing the involvement of**
- **grass-root parties into political arena.**
- **In the case of migration, giving**
- **rights to foreigners to vote local election, provide equal opportunities to foreigners, the voice of foreign residents should be heard through grassroots organizations.**

# Problem-solving

**4. Economic conflict of interests resulting from migrant labors, illegal workers and care givers**

■ **Improving the condition of domestic industry**

**5. Discrimination because of Xenophobia**

■ **Increase awareness of diversity through media & education**

■ **Legal protection for media**

■ **Peace-talk on historical issues, for example issues on Korea and China**
